#### **DETAILED ACTION**

Submission of Certified English Translation of the foreign priority application on 04/27/2006 perfects the foreign priority under 35 U.S.C. 119(a)-(d) or (f), which overcomes the reference by Teraoka (JP 2002-367804).

This application is in condition for allowance except for the presence of claims 4-9 directed to inventions non-elected without traverse. Accordingly, claims 4-9 have been cancelled.

#### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**CANCEL Claims 4-9.**

In Claim-3, Line-2,        **AFTER 'claim'    DELETE    '2'    and Replace with -1--**

#### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Claims 1 and 3 are allowed as amended over the arguments filed by the applicants and the prior art of record that neither teaches nor fairly suggest a resistor composition containing the specific components in particular ratios. The instant claim limitation of greater than 0 to 10 parts by weight in claim-1 is supported by the earlier claim-2 and the specification (Pg-6, Lines 3-6).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
